Cuddly Kitten Day Observed Annually

For animal lovers, it would be fun to have a day dedicated to their pets, a day that recognizes their interactions with their pets. Today is a day for pet owners. Not just National Puppy Day March 23, but Cuddly Kitten Day too! No one can disagree that cuddling a precious kitten is a stress reliever, and today is the day to fill your heart with it. Regardless of which kitten is your favorite, this day is dedicated to celebrating all of them. What a wonderful day!

Kittens are social animals and enjoy human companionship, which makes Cuddle Kitten Day the perfect holiday because we give kittens cuddles and more love. On this day, people cuddle and play with their own kittens, as well as the kittens of others. These cuddly kittens can also be shown love in other ways, by being given new treats and toys.

The history of cuddly kitten day

For those who love cats, love cuddly kittens, there is no reason to worry too much about the origin and creator of this celebration. To them, just having one day to show the world how adorable and cuddly kittens are is a wonderful thing. Because, there is no research document that mentions the history or founder of the national cuddly kitten day. That is not why this holiday has ceased to be loved. People still welcome the holiday with many activities to celebrate.

How to observe kitten cuddling day

If you have a kitten, celebrate this day by cuddling them! You can also celebrate your cuddly kitten by giving them some treats or some toys! Maybe you once had a kitten but now they have grown into an adult cat. Perhaps you have some photos from when they were children that you can look through. If there are no kittens, you can congratulate the kittens of a friend or family member.

Does that make you want a cuddly kitten of your own? Consider one thing! Many cat experts researched cats and found that a kitten should be about twelve weeks old before it is brought to a new home away from its mother and siblings. Some breeders or foster homes and rescues will not adopt kittens until they are twelve weeks old, and in some locations, it is illegal to adopt a kitten unless it is at least eight weeks old. If you come across a very young orphan kitten, you can still raise it into a healthy kitten, but you must handle it with care.

Either way, don't miss this anniversary and share your cuddly kitten day on social media with the hashtag #NationalCuddlyKittenDay.

Seneca East Schools Kindness Club Gives Back to Local Nursing Home

Submitted by Laura A. Kagy Ed.D., Superintendent
Seneca East Local Schools

Seneca East staff wearing Yellow for Spreading Kindness Week at SE Kindness Club members delivering at The Blossom Center in Willard

Education is about more than just learning to read, write and do arithmetic. It is about developing well-rounded students who care about and are actively involved in the local community. Whether embedded in classroom lessons or offered as part of extracurricular activities, Seneca East Local Schools students are learning what it takes to become responsible citizens.

One recent example of how they are making a difference is through the middle and high school Kindness Club. Club participants meet monthly to discuss and decide on activities they can lead to spread kindness within the schools and community. Last month, they identified The Blossom Healthcare

Skilled Nursing and Rehabilitation Center in Willard, Ohio, as an organization they wanted to help. After experiencing a fire recently, workers at the facility told Kindness Club members they were in need of art supplies.

Not only did the Kindness Club collect and donate art supplies to replenish what the nursing home had lost, but they also brought students together from across the district to create homemade cards that they delivered to residents.

The life skills these students are learning, including leadership, teamwork and communication mean the community of Seneca East has a bright future.

Attica American Legion Post 260 Seeking Flag Donations

Submitted by Jim Schumacher
Attica American Legion Post 260

The last year has been busy, and it has been wonderful to see many of you at Legion events such as Steak feeds, Wreaths Across America and at the dedication of the Attica Veterans Memorial Park. What an impressive addition to our community!

While we appreciate your support in the past, going forward, we still need your help.

The Legion family members have been busy inspecting flags and brackets prior to Memorial Day. Due to wind and inclement weather, many flags need replaced so they can again, fly proudly though out the Village!

Over the past five years, the Legion family has annually maintained over 60 flags and brackets at the cost of \$75.00 each and will continue to do so as needed.

While many of us enjoy seeing the flags flying every day, visitors passing through Attica can see the pride and patriotism of our community.

With your assistance, we can continue and expand the flag program well into the future.

Donations are gratefully accepted at any time throughout the year, but especially not that Memorial Day is just a few short months

away. Please consider making a donation of any size today!

Checks may be made out to American Legion Post 260, please write flags in the memo, and sent to Jim Schumacher; 16094 E. Township Road 104; Attica, Ohio 44807.

Thank you for your support!

Death Notices
